Directions From the Wild Coast, Gauteng, Free State or the Cape

From the Wild Coast, Gauteng, Free State or the Cape, get yourselves onto the N2 North or South, which runs directly through Umtata. In central Umtata, look out for the intersection with a sign for the Port St Johns road; it's hard to miss. Then you'll have a beautiful 90km

drive that meanders through lush valleys and gentle hills, with some spectacular views along the way. The road is spacious and tarred all the way to our (also clearly marked) turn-off.
